CDE Prosperity LLC is an SBA-certified Women-Owned Small Business (WOSB) and Economically Disadvantaged Women-Owned Small Business (EDWOSB) providing cleared technical staffing to prime contractors on federal programs. We source and payroll software, systems and engineering professionals, DoD-wide and remote-first. Our labor counts toward the small-business and WOSB participation your subcontracting plan is measured on. We will tell you within 24 hours whether we can fill a requisition, and we do not send filler to look responsive.

CORE COMPETENCIES

- Sourced placements. National recruiting against a live requisition, technically screened before submission.
- Payrolled placements. Small-business pass-through for a candidate you have already selected.
- Software and systems engineering, cloud and infrastructure, DevSecOps.
- Cybersecurity and compliance support.
- Database, middleware and platform support.
- IT service delivery, ITSM and service desk.
- Technical program and project support.

DIFFERENTIATORS

- SBA-certified WOSB and EDWOSB. Counts toward the 5% federal WOSB goal and toward prime subcontracting plans.
- A yes or a no within 24 hours on any requisition, including the ones we decline.
- No filler submissions. Qualified candidates or none.
- Technical screening performed by a practising engineer, not a keyword match.
- 20+ years in technology and software engineering; 15+ years of managerial experience.
- Former Military Intelligence officer on the leadership team.
- DoD-wide and remote-first. Geography is rarely a constraint.

KEY PERSONNEL EXPERIENCE

Individual experience of our leadership team, offered as key personnel experience. CDE Prosperity is new as a prime and does not claim corporate past performance.

- U.S. Army. Strategic planning and wargames preparation.
- General Electric / GE HealthCare. Medical device engineering; 4M+ devices in service worldwide.
- Teva Pharmaceutical. Production systems supporting pharmaceutical manufacturing at scale.
- Zoot Enterprises. Credit evaluation systems processing billions of financial transactions.
